We sincerely thank the Foundation Board members for their kind and timely attention and consideration of our request for funding for this work and pray the good Lord to bless and guide them in the good works that they do in our diocese and around the world.

## **MARRIAGE TIP OF THE MONTH:**

Touch is a vital component for every human being; our bodies are created for relationship and touch is an important component of communication. Our touch conveys both caring and love, but also sends a message about closeness. The more intimate the relationship the more touch matters. Loving touch has proven health benefits as well, so reach out and hold your spouse's hand, give their back or shoulder a little rub now and then, give them a hug and/or kiss as you begin and end each day (and maybe just because!) and let them feel your love. Touch fills the others heart and mind with the knowledge that they are loved, which is a great boost to every marriage.
